Justice Treveler has dismissed the case of the State of Ohio vs. Chas. Rostetter, who was up for cruelty to animals. The case was tried before a jury, which stood 9 for acquittal and 3 for guilty; but little evidence being shown that Mr. R. was the immediate cause of the death of the animal, the jury was discharged and the case dismissed, the prosecution to pay all costs.

Our farmers, as soon as their harvest work is over, should go to work with a will in preparing something for the coming county fair. The crops of all kinds are excellent and the crop of fruits is the best that we have known in this part of the country for many years, so that all things are favorable. Our county bears the reputation of holding one of the best county fairs in the State and we would like to see the fair this fall outdo all former efforts.

Fish Ponds.

We notice that Mr. Peter Bostelman and one of his near neighbors are building each a fish pond, which they intend to stock with carp. We understand that quite a number of these ponds are being built, and more contemplated, and we expect to see in the near future plenty of good fish for private use and the supply of the market. The enterprise is a good and laudable one.

Seed Wheat.

The Mediterranean Hybrid Wheat is now so well known and so generally recommended by leading seedmen and by millers, and the results obtained by growers have been so satisfactory there is no doubt it is a profitable variety to sow, yielding 40 bushels per acre.

Cheap Rates on the Wabash to State Convention.

J. K. Withers, agent, says the Wabash will sell tickets to Toledo and return, August 17 and 18th, for \$1.05. Tickets will be good to return Aug. 19th.

Let all Democrats be on hand, to join the procession and swell the Democratic enthusiasm.

The Great Toledo Fair.

The great Tri-State Fair, at Toledo, occurs Sept. 6 to 11. Premiums and Purses amount to \$20,000. In addition to the exhibition of Live Stock, etc., there will be a dog show; the wonderful panorama, "Battle of Gettysburg;" the marvellous horse, "Prince Imperial" with a mane 10 1/2 feet long, and countless other attractions, including the races. The railroads carry passengers to the Fair at half rates.

Our Gravel Roads.

About one mile and a half of the Bryan Pike has been graveled and the work is progressing steadily. The County Commissioners have decided to use gravel from the Panzer farm near Ridgeville on the north end of the road, which is said to be equally as good gravel as that taken from the Miller place.—The Kalida Pike improvement was commenced this week, and work will now be pushed on both roads as fast as possible.

Half-Fare Rates to the Ohio State Fair.

During State Fair week the Columbus, Hooking Valley & Toledo R'y will sell Excursion Tickets from all stations on its line to Columbus and return, at rate of one fare for the round trip. Tickets will be good going from August 30th to Sept. 3d, inclusive, and good returning on any regular passenger train up to and including Sept. 4th.

Ho, for the West!

Sept. 7th and 21st, 1886, are the dates decided upon for running special cheap excursions to the "Land Point" of the West. It would take up an entire side of a newspaper to tell all the particulars of these excursions, so please call on us at our office and learn all about the excursions and many other things of interest to the "Land Seeker" who desires to find a home in Missouri, Nebraska, Arkansas or Texas. Rates will be about one fare for the round trip. J. K. WITHERS, Agt.

A Freak of Nature.

A singular freak of nature is the Percheron horse, "Prince Imperial," imported from France by the firm of Howser & Sons, of Marion, Ohio, breeders of live stock. Prince is a magnificent white Stallion, beautifully formed and of a kindly disposition, and without doubt has the longest foretop and mane of any living horse. His foretop is 7 feet in length, and his mane 10 1/2 feet. Howser & Sons have concluded to show him at the forthcoming Tri-State Fair at Toledo, Sept. 6 to 11.

Now is the Time.

Tuesday, August 24th, 1886, the Wabash will run an excursion to Niagara Falls. Tickets for this excursion will be sold at the very low rate of \$5.50 for the round trip. Go and enjoy the sights of the grandest of natural scenes.

Township Road Tax.

The Signal is making itself ridiculous on the matter of township road tax levy. Hear what it says in last week's issue:

"Mr. Eugene Packard, one of the Trustees of Harrison township, was in our office last Saturday and denied that the Trustees of that township made the levy of 12 per cent. road taxes which is charged up against it."

Who said the road tax of Harrison township was 12 per cent., and that the township was charged up with that amount? Certainly not the County Auditor, the Commissioners of Mr. Packard. It is simply a willful misstatement of the Signal, for that paper published the notice of Auditor Evers, which gave Harrison township levy at 12 cents on each one hundred dollars valuation, and at that time, some weeks ago, the entire matter was explained to the Signal in these columns, also by the County Commissioners, whom it claimed made the levy, and against whom that paper has an animus, for certain reasons well known to itself and a few others.

There is no such road tax as 12 per cent., charged against Harrison township. We have examined the certificates of the road tax authorized by the Trustees of Harrison, and certified up to the Auditor by the Clerks of that township, for the years 1885-6, and find that the levy made by the trustees for 1885 was 1 1/4 mills, certified up by E. A. Palmer, clerk, and for 1886 1 1/4 mills, certified up by I. M. Glick, clerk. This for 1886 would be one and two and one-half tenths of one mill, which was rather an inconvenient decimal for the Auditor to work from, the 3/4 tenth was dropped, as we understand that officer is empowered to drop a decimal or add to it when less than one-tenth of one mill. This would leave the road tax levy of Harrison township 1.2 mills of the dollar, or 12c on the \$100 valuation. Quite a difference between that and the Signal's 12 per cent., which would be twelve dollars on the \$100 valuation! Which is a sum four times greater than the total levy of Harrison township, for State, county, road and all other taxes!

We would advise the Signal to take down its dusty and musty arithmetic and post up. But for far its continued misstatements may mislead some we repeat again that the Commissioners have nothing to do with the levying of the township road tax, no more than Foulk himself.

Teachers' Institute.

Teachers are hereby informed that the next Annual Teachers' Institute of Henry County, O., commencing August, 16th to 21st inclusive, will be held at Holgate, O. The Ex. Com. are pleased to announce that they have secured the services of Prof. E. P. Ewers, President of the Fayette Normal and Business College, as principal instructor. Prof. Ewers has rare gifts, large experience and few or no equals. Mr. G. W. Poulson, Pres. of the Teachers' Association, will assist. It is desired to make this the largest and most successful institute ever held in the county, and under such instructors the institute can prove nothing other than a grand success. Evening lectures will be delivered by the regular instructors. Come out and hear Prof. Ewers' monosyllabic lecture of forty minutes. A rare treat.

Ex. COMMITTEE.

Pure Blood.

That good pure blood is just as necessary for the health and vigor of animals as it is of man, is a fact which is and must be conceded by every one who has ever given the subject the least thought or attention, and yet Saur is the only man who has ever put a good reliable blood purifier upon the market for the use of horses and cattle. This blood purifier which he has placed before the public, has been thoroughly tested in every way for many years, and has always given the very best of satisfaction; every package is warranted to be good and do all that is claimed for it, or the money refunded. No one need hesitate to give it a trial, it will do no animal either young or old the least bit of harm, and if it does no good your money is cheerfully refunded, so that you need not fear of spending your money in vain.

EYE, EAR AND DEFORMITIES.

Dr. T. J. Eaton, formerly of the Surgical Infirmary of Indianapolis, will visit Napoleon Friday and Saturday, August 27th and 28th. Rooms at Miller House. Dr. Eaton has for the past twenty-five years made a specialty of the eye, ear and deformities, and has straightened more than one thousand cross eyes. All inflamed and sore eyes can be cured unless disorganization has taken place. Artificial eyes inserted and the most efficient braces for the cure of crooked limbs, club feet, spinal diseases, etc., etc., furnished.

The following account of a remarkable surgical operation performed by Dr. Eaton, is taken from the El Paso Times of the 10th inst. "In company with Capt. S. D. Sloum we called to see Miss Jennie Sloum, the young daughter of the Captain, who has been in El Paso under the treatment of Dr. Eaton. We remember to have seen this young lady a few months ago at the ranch, with her left foot twisted until it was at right angles with the other foot. To-day the left foot is straight and natural as the right. We congratulate the young lady and rejoice with her father in this successful performance of Dr. Eaton. We were skeptical until we witnessed the result. We are now satisfied of the promises of the doctor. In this instance they were verified."

A SUCCESSFUL OPERATION.—Dr. T. J. Eaton yesterday operated upon Miss Jennie Lemmons, of our city, both of whose eyes were badly crossed. Mr. Bottom, the young lady's father, informs us that the doctor was not more than fifteen seconds performing the operation. The change took place immediately. Her eyes are now straight and her facial appearance so changed, she can hardly be recognized by her most intimate acquaintances.—The Colorado Sun.
